SPRINT PLANNING MEETING 3

DATE: 11 May 2021

DURATION: 4 hours

SPRINT GOAL

The main purpose of this sprint is to have the Market Place to be able to pick from categories and able to update balance. This can be completed by coding the design as a team and test it towards the end of the sprint.

SPRINT BACKLOG

USER STORIES:

1. As a user, I want to be able to pick from products and services offered so that I can browse products and services available.

   TASKS:
